1. Aims

Academies are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum.
- Improved the physical environment of the academies to enable disabled pupils to take better advantage of education, benefits, facilities and services provided.
- Improve the availability of accessible information to disabled pupils.

The Trust aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. The Accessibility Plan will be made available online on the academy website, and paper copies are available upon request.

The Trust is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues. The Trust supports any available partnerships to develop and implement the plan.

Trustees are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

The Trust recognises that regular and reliable data is essential if the Trust and academy is to know and understand the needs of its pupils, parents, staff and trustees and to be able to monitor progress against its Action Plan.

An Accessibility Audit will be completed by the academy to inform the development of a new Accessibility Plan for the ongoing period.

The Head of Academy will monitor the Action Plan on behalf of the Academy and liaise with the Trust Executive Team who report to the Board of Trustees.

This plan reflects statutory requirements for the setting of Equality Objectives.

Our complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan.

2. Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a “substantial” and “long-term” adverse effect on this or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice “long-term” is defined as “a year or more” and “substantial” is defined as “more than minor or trivial”. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Academies are required to make “reasonable adjustments” for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This Accessibility Plan complies with our funding agreement and Articles of Association.

Appendix 4

Access Statement:

Arrangements for physically disabled persons using Dartington Church of England Academy.

This appendix to the school accessibility plan is designed to outline a solution for the difficult issues faced by physically disabled persons using the premises or Dartington Church of England Academy.

Currently Dartington Church of England Academy has pupils in attendance with some medical disabilities and visual impairments that require extra support from adults whilst manoeuvring around the school site, but no physical disabilities.

The school's EYFS building within the premises is fully catered and designed to accept and be accessible for any disabled person, including toilets and changing facilities. Entrance to the EYFS area is fully accessible but there are raised areas within the provision for the children to access areas of play. Dartington Academy are confident that access to these areas would be achieved with very little changes due to both the high level of training received by our employees in being able to adapt to teach the full spectrum of primary aged pupils.

Finally, where possible, any visits to the premises by a physically disabled person, whether this be a parent, an official (i.e. Ofsted Inspector) or a general visitor would be accessible for all due to the single level flooring to all areas of the building. The only outside area that is harder to access is the forest school tent which has bark covered flooring. There is a slope going down to this for disability access but provisions would be made by the Academy in this situation to ensure that access was successful.
