

What is my child learning this half term?

Our curriculum is the beating heart of our school and is
rooted in John 10:10

“I came that they might have life and live it to the full”

Within our vision *‘together we grow, together we flourish’*
our children will develop a love of learning and be totally
immersed in different worlds, cultures and times preparing
them for the next stage of their lives.

Autumn 2	Year 1/2
Class Novel	Mrs Armitage on Wheels - Quentin Blake 
Writing	The children this term will be continuing to build upon their reading and writing skills during our daily Read Write Inc sessions. For those that have finished the programme, they will be exploring the book Mrs Armitage and writing their own version using their own invention.
Maths	In our Year 1 maths lessons this half term, we will be exploring the concept of addition and subtraction within 10. We will introduce the idea of a number sentence which uses symbols to represent equivalence, addition, and subtraction. This will also incorporate learning about fact families and the number bonds to 10. In our Year 2 maths lessons, we will be exploring money, understanding how to count coins and notes, as well as understanding their value. Towards the end of the term, we will be exploring multiplication and division.
Science	In Science this half term, we are looking at animals, specifically looking at common animal groups, looking at what they eat and their individual characteristics. We will use this information to make our own animals with different adaptations at the end of term.
RE	This half term we will be finding out about what Advent and Christmas means to Christians. We will be talking to the children about what Christmas means to them and if/how they celebrate it.
History	This half term we will be focusing on the history of transport. We will be following Mrs Ryan-Carter's family on their journey through the last 100 years, exploring the different transport they may have used and thinking about how it affected their lives.
PE	This half term, our indoor P.E. will be focusing on dance. We will be thinking about interpreting the music and creating our own routines. Outdoor P.E this term will be focusing on football, specifically looking at foot control and skills.
RHE	In PSHE we are learning to celebrate differences. Focusing on accepting everyone is different, including others when working and playing, knowing how to help if someone is being bullied, trying to solve problems and use kind words, and finally knowing how to give and receive compliments.
Forest School	In Forest Schools, we will be beginning with some autumnal pumpkin soup, moving into exploring the wonders of winter and seasonal changes and then getting creative to make Christmas decorations from natural materials.

Dartington Year 1/2 Curriculum Booklet Autumn 2: Year A

Music	Our music this half term will be all about singing and performing. We will be learning songs for our Nativity and then thinking about how we can perform these during our wonderful Christmas Nativity shows.
DT	This half term we will be finding out all about moving parts in books including sliders and levers. We will begin by exploring a range of books with moving parts and finish with making a Christmas card with a moving part.
