HOME LEARNING

Geography

We explored the location of some famous volcanoes during our geography this week. Can you now continue to explore the world using Google Earth or an atlas and map out the location of 3 different volcanoes. What do you notice about where there can be found?

Maths

Please login to TT Rockstars and spend 10mins a day practising your times tables.

Reminders:

- PE days will be Mondays and Thursdays this term. Please can we have full PE kits in on these days.
- Forest school will be on Friday afternoons this term, so please have suitable outdoor clothing and footwear on these days.

Dear Parents,

Another busy week in the Nightingales this week, with lots of coughs and colds going around as well as covid still being prevalent in the community. Thank you to everyone who has been helping to keep us safe by testing their children when they have covid symptoms.

In English this week, the children have been working hard at understanding how to use commas appropriately to mark subordinate clauses. They are really getting to grips with this new use of punctuation and have been working hard to apply it to their writing. In RWInc, the children have been continuing to improve their decoding and fluency skills by practising their sounds.

In science this week, we have been learning about the fossilisation process. The children loved finding out about how fossils are formed in sedimentary rock as well as learning about the different types of fossils we can find.

During our gymnastics lesson, the children worked with Mrs Mitchell our PE specialist. The children developed their balance skills using the agility tables and climbing frame as well as developed their understanding of different types of rolls.

I hope you all have a brilliant weekend,

Mrs Davis

This term we are aiming for our attendance to be above 98% each week.

Star of the Week

This week, our award goes to **Teddy** for working hard in your science lesson this week! Well done Teddy!

Important!

Lots of children have been forgetting their PE kits for PE days. Please ensure full PE kits are in school on Mondays and Thursday incl. trainers or plimsoles. Thank you.

Together we grow, Together we flourish

TOGETHER WE EMPOWER EXCELLENCE
