Forest School

Monday

Dear Parents and Carers,

This week in science, the children have been thinking about their sense of smell and had great fun trying to work out what different liquids were based purely on their smell. It was lovely to see the way in which some of the children linked a particular smell to an experience or memory. In art, we were building on their practical experience of creating natural art by looking at drawing natural art pictures. In Geography, we have been thinking about how we could improve our local environment by identifying areas in which we could change our outside area and playground. We will be passing on these ideas to the school council too.

We are really looking forward to seeing everyone for our parent consultations on either Tuesday 15th and Wednesday 16th February. We will be continuing to do this virtually or over the telephone for this term. If you have not yet signed up then please complete the form on the classroom door, or if you are unable to do this then email the office with a request.

Our class sound of the week is **a_e** (i.e. came, rake). To help support your child, please could you try and go through the attached video with them and have a go at some of the spelling activities.

Finally, some children are still coming in without a water bottle, please can you ensure your child is coming in with a water bottle every day.

If you have any concerns or questions, then please do speak to us or send a message via the office dartington@lapsw.org.

Many thanks,
Miss Hardy

Class Attendance

Please ensure your child attends school every day.

Every day missed is 6 hours of learning lost.

Star of the Week

Finn – for having a passion for his reading this week, showing our school value of wisdom. Well done Finn.

Important!

Please could everyone login to Google Classrooms (the Nativity is also still available to watch here).

Together we grow, Together we flourish

TOGETHER WE EMPOWER EXCELLENCE
