**Recycle and Reuse Costume Race**

**Race at your own pace in the  
Dartington 2k**

**Hello all!**

This year we are celebrating Spring with a grand charity event. Many classes have been studying charity through their Hinduism learning and now is our time to have a go.

Our fantastic children have chosen two small charities which have supported families in our community for years. They have chosen to support Reverse Rett and The Lily Foundation.

**Reverse Rett** is a charity completely set up and run by parents of children with Rett Syndrome. Due to their efforts, the first gene therapy for Rett has been approved for trials potentially ending Rett Syndrome in the future.

**The Lily Foundation** provide support families in the UK whose lives have been affected by mitochondrial disease. This includes emotional caregiving, advice and information, patient-doctor networking and financial help to buy specialist equipment. Before The Lily Foundation, there was no dedicated service of this kind for mitochondrial disease patients in the UK.

**Our grand charity event will be:**

**Friday 24<sup>th</sup> March**

**DART2K**

**Recycle and Reuse Costume Race**

The theme is recycled and reused costumes so it is an opportunity to root around and find that costume that has been worn once or twice and give it another outing.

To practise and boost our health and well-being in the school, we will be starting the daily mile, with children having the chance to burn off energy and stay active every day.

Mr Waters is also going to do his bit for our charities. He is running the London Marathon this year so we had the opportunity to nominate a costume for him to wear. As a result, Mr Waters will be running the London Marathon in an inflatable pterodactyl outfit which he assures us is horrible to run in! There will be a surprise competition in April before we all tune in to watch a giant pterodactyl try to set a world record.

Any and all contributions to our charities would be greatly appreciated and can be donated on either of the below links or cash on the day:

[www.justgiving.com/fundraising/MrWatersRett](http://www.justgiving.com/fundraising/MrWatersRett)

[www.justgiving.com/fundraising/MrWatersLily](http://www.justgiving.com/fundraising/MrWatersLily)

# If you want to race the pterodactyl...

The pterodactyl will be making appearances at these two events before April, so why not come along and give it a race!
