Kingfishers' Autumn 1 Home Learning Menu		
Art	Geography	RE
Create a piece of artwork inspired by Yvonne Coomber.	Look at the weather in different countries including the North and South Poles. Can you find a country on the equator and track the weather?	Consider the question: 'What does it mean to belong to a faith community'. Think and create a poster of ways that you belong (family, friends, clubs).
<b>Science</b>	Across this term, children complete the daily bites size fluency learning and choose <b>a minimum of 3</b> longer term projects to complete however they wish from the selection to share with classmates. You can choose to present them any way you like: video, powerpoint, leaflet, poster, artwork etc <b>The more creative, the better!</b>	<b>PE</b>
Can you create snow? 1. Pour 3 cups of baking soda in a bowl 2. Add ½ bottle of white hair conditioner gradually and stir. 3. As it starts clumping together use your hands to mix together.		Our focus this half term is on multi-skills. Can you create a ball game that you can teach your friends in school?
<b>Music</b>	<b>Reading For Pleasure</b>	
Learn a song and perform it for your family.	This half term, we love these books.	
	Why not visit the library in Totnes to see if they have a copy of any of them?
