

ROBINS & WRENS

Nursery & Reception

Miss B

Mr Jones

Miss Whitehurst

Jane

Mrs Viney

Mrs Mathews

Stars of the week!

Who has sown seeds of our school values: Trust, Peace, Creation and Creativity, Wisdom, Compassion and Love around our school this week?

The Robins Star of the Week is Ayla for sharing our school value of 'Peace' by being calm and kind to her friends!

The Wrens Star of the Week is Merry for already building her independence in Nursery this week. Great work!

Important messages for next week:

Please check your emails for details about your Tapestry accounts. This will be where your child's learning is recorded and where you can upload media of your child learning at home.

In Reception, we have sent home reading diaries this week for you to record your reading journey. Please don't worry about the 'ebook' reading yet as the children haven't quite reached that stage of their learning yet! I have also sent a pack of our R.W.Inc sounds home for you to keep and practise over time. We have not covered every sound in the pack yet (only up to 'n') so please bear that in mind when working with your child. I have uploaded a video to Tapestry with more information.

Next week, for our Topic of 'The story of me...', Mr Jones would like to talk with the Robins about when they were babies. Please upload or send in a picture of your child when they were a baby so that we can discuss them in a carpet time. Thank you!

As we did this week, we have had to move Forest School to Friday again (22nd Sept). It'll be back to Thursdays again on 28th September. Sorry to cause any confusion!

Robins Class Weekly Home Learning:

Maths Fluency	Writing Fluency	Reading Fluency
<p>This week, there has been lots of interest in playing dice games. If you have any dice games at home, please take some time to play these with your child. Ask them to quickly identify the number of dots on each side when rolled. We call this 'subitising'. If you do not have a dice game, you can subitise everyday objects below 5. For example, the number of birds on a branch.</p>	<p>Please complete the 'sound of the day' sheet with your child. We will have already introduced this sound during the school day and it is a lovely opportunity for your child to share their learning with you at home.</p>	<p>Read your phonics/library book or something you enjoy each night (even if it is just a page!)</p> <p>Remember, we give certificates for every 10, 25, 50, and 75 books read!</p>

EYFS Autumn 1 Home Learning Menu

Expressive Arts and Design (Music, DT and Art)	Understanding the World (History, Geography, RE and Science)	Communication and Language
<p>Rehearse and perform parts of your favourite song. You can use home-made instruments or even dance along if you wish!</p>	<p>Describe what they can see hear and feel whilst in the natural world around them.</p>	<p>Play 'Sound Hunt' to develop a wide range of vocabulary and improve listening skills. In their bedroom, your child covers their eyes, you choose an object to shake/ move/ knock etc. and your child takes a guess at what it could have been. Remember to swap over too!</p>
Personal, Social, Emotional Development	<p>Across this term, children complete the daily bitesize fluency learning (above) and choose a minimum of 3 longer term projects to complete. If the project involves a physical item, please feel free to send it in to class for your child to discuss with the class. Others, you may choose to upload a photo or video to Tapestry.</p>	Physical Development
<p>Make a 'Worry Jar' and write your child's worries on small strips of paper. Discuss some worries together to support them in expressing their feelings.</p>	<p>To support the development of your child's fine motor skills, you could work with them on putting on their own clothes and doing up zips.</p>	

Reading For Pleasure

This half term, we love these books.

Why not visit the library in Totnes to see if they have a copy of any of them?
