### Swallows' Autumn 1 Home Learning Menu

Art	Geography	RE
Go on a nature walk in your local area. Take some paper and crayons with you to have a go at creating your own frottage pictures. This is where you use rubbings to create pictures. 	Use google earth to look at an aerial view of the area you live in. Can you use it to draw a map of the road that you live on? Have a go at creating your own symbols and key for the things you can see. 	Have a go at baking a simple Challah recipe. <ul style="list-style-type: none"> <li>• 4 cups all-purpose flour</li> <li>• 1/4 cup granulated sugar</li> <li>• 1 teaspoon salt</li> <li>• 1 packet (2 1/4 teaspoons) active dry yeast</li> <li>• 1 cup warm water (110°F/43°C)</li> <li>• 1/4 cup vegetable oil</li> <li>• 2 large eggs (plus 1 more for egg wash)</li> <li>• Sesame seeds or poppy seeds (optional, for topping)</li> </ul>
Science	PE	
Sort your toy animals into different groups depending on their features e.g. legs/no legs, amphibian/mammal, carnivore/herbivore.	Pick your favourite song and create a dance routine. Perhaps you're an animal in the jungle or a fish in the sea. Please express yourself freely and practice together to build confidence.	
Music	Reading For Pleasure	
Performance Music: Learn a song of your choice. Think about the characters in the song. Can you change your voice to match the characters. Now use your body to create percussion to match the song. Can you change the rhythms, so they move from fast to slow? Ask a grown up to film your performance to show in class.	This half term, we will be reading:  Why not visit the library in Totnes to see if they have a copy?
