

**WOODPECKERS
YEAR 4**

19.7.24

TEACHERS:

Mrs Davis

Mrs Wallis

Mrs Matthews

**Star of the
week!**

This week, our Star of the week is awarded to Alice for her hard work in English especially when selecting interesting vocabulary to use in her story writing. Well done, Alice.

Important messages for next week:

- Last day of term is Wednesday 24th July
- First day of term is Wednesday 4th September

Well done, Woodpeckers! You have had an amazing year. I hope you all have a wonderful and safe summer holiday. 😊

Number Fluency	Reading Fluency
Keep working on your daily TT rockstars/ Numbots learning so you don't forget them over the summer!	Continue to read your phonics/library book or something you enjoy each night (even if it is just a page!)

Woodpeckers' Optional Summer Activities		
Art/ DT	Geography/History	RE
Create something out of the things you have at home or things you find out in nature. How does it make you feel?	If you go on an adventure somewhere over the summer break- can you find it on a map? Did any interesting historical activities happen there?	Can you find an example of a religious story which link to people trying to make the world a better place? It could be from any religion!
Science	Across this term, children complete the daily bite size fluency learning and choose a minimum of 3 longer term projects to complete however they wish from the selection to share with classmates. The more creative, the better!	PE
Get outside into nature- what can you see? What can you hear? What can you feel?		Try and stay active over summer. A walk, a bike ride or a visit to a park are great ways to get moving during the holidays.
Music	Reading For Pleasure	
Listen to songs that make you happy. 	Over summer, maybe take the opportunity to read something you wouldn't normally choose. 	
	Why not visit your local library to see if they have something interesting that you haven't read before?
